by Dave Chua and Koh Hong Teng

The former soldier, Jaasur, is on a mission of redemption. He ventures through a wasteland to Chamrouen, the capital city of Katchana, to rescue a rebel leader who may be the key to bringing down a tyrant. Unwittingly pulled into this conflict are Ulyn, her enigmatic brother Daiyan, and the street urchin Kaidai. Can they stop the forces of the Emperor and bring a new spring to the land? Set in an original fantasy world inspired by Asian mythology, *The Prodigy: Blade of the Chrysalis* is the first volume in a series written and illustrated by award-winning creators Dave Chua and Koh Hong Teng.
